LARGE CLASS OF PUPILS GRADUATE TO HIGH SCHOOL

137 Children Complete Course of Instruction in the Grammar Schools of City.

GIRLS OUTNUMBER BOYS

Lincoln School Has Largest List, While Longfellow Institution Contains the Smallest.

One hundred and thirty-seven children graduated from the grammar schools of Rock Island to the high school. Of this number the girls are in the majority, 56 of the gentler sex being given certificates which entitled them to enter freshmen year at high school while there are 57 boys.

Four schools contain eight grades, and at the completion of the courses of these schools the graduation to the high school occurs. The schools are the Horace Mann, Lincoln, Longfellow and Hawthorne.

Lincoln Class Largest.
The Lincoln school contained the largest class, being 61. The Longfellow school had the smallest, 19. The Hawthorne school graduates numbered 33 and the Horace Mann 24.

The following table shows the number of boys and girls in each of the classes.

School	Boys	Girls	Total
Lincoln	25	36	61
Hawthorne	12	21	33
Horace Mann	10	14	24

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles.

Longfellow	19	9	28
Total	57	80	137

As will be noted in but one school the boys outnumbered the girls, and that in the Longfellow school where the class contained 10 boys and nine girls.

The observation of the graduation in the schools was marked in a social manner during the past week. Each of the schools had class day programs and several are enjoying picnics nearby.

Every mile on the Mississippi is filled with pleasures that are new to you. Beautiful scenery, interesting river life, concerts and games on deck, and jaunts ashore—with cool river breezes—make up days of continuous pleasures and comfort. Evening brings the twinkling lights of passing boats; music, dancing, parties. On the way you see the \$28,000,000, mile-long, Keokuk dam—largest in the world.

Miss Margaret Dibbern, assistant editor; Alberita Richards, who compiled the calendar; Iles Gansert, business manager; Marshall Newton, assistant manager; Celeste Comegys, press notes editor; Charlotte Murray and Herbert Copp, joke editors; Gertrude Hohenstell, freshman editor, and Paul Dahlen, athletic editor, are all deserving praise for the excellent publication.

BICYCLE THIEF IS BOUND OVER HERE

New Windsor Young Man Is Held to Grand Jury by Justice Carl Kuehl.

After stating that he was too drunk to know what he was doing and that further than taking the bicycle he knew nothing of what he did, William Gary was this morning bound over to the grand jury on a charge of petty larceny, with bonds fixed at \$200. Gary stated to Justice of the Peace Carl Kuehl that he came from his home at New Windsor, Ill., to Rock Island Sunday night. He said that he was seeking a good time and had gotten drunk. He declared that Wednesday morning he awakened after having imbibed too freely the evening before, and that he seemed dazed, but took seven or eight more glasses of whisky.

He stated that he then took the bicycle, not to steal it, but just to ride. He said he does not remember having attempted to sell it nor what he said to the officer following his arrest. Raymond Sindt, owner of the wheel, who left it standing Wednesday morning in front of the wholesale drug offices of Hartz & Bahnsen, where he is employed, testified for the state as did George Hass, 1432 Fourteenth-and-a-half street, who identified the bicycle as that of Sindt.
